May 9, 2007

Dear Friends,

I congratulate you for your achievement in preventing workplace injuries and illnesses.

As a result of your highly successful efforts to initiate and maintain occupational safety and health awareness among employees and management, I am pleased to recognize you as a participant in the 79<sup>th</sup> annual *Governor's Occupational Safety and Health Awards Program*.

Since its inception in 1927, this program has played an important role in promoting safer and healthier workplaces in both the public and private sectors, and in employers of all industries and sizes. The program has built a strong partnership among the New Jersey Department of Labor and Workforce Development, the New Jersey State Industrial Safety Committee and the New Jersey State Safety Council. Acceptance into the program is a rare privilege for employers, limited only to those who have made a full commitment to health and safety issues, and have devoted the time and resources to turn that commitment into achievement in protecting their workers' lives and health.

I am proud of the part you are playing in helping to ensure New Jersey's place in the top tier of states with the fewest rates of occupational injuries and illnesses. Thank you and keep up the good work!

Sincerely,

A handwritten signature in cursive script that reads "Richard J. Codey".
